

*Share your real photos of real people taking real actions!*

## #ACPNS2016

Are you involved with a charity or nonprofit organisation?

Are you a volunteer or a philanthropist?

Does someone close to you volunteer in or give to your local community?

ACPNS is on the lookout for photos of real people taking real action in the fields of giving and volunteering across Australia. We have a range of publications on giving, volunteering and the nonprofit sector in which your photos may be published. The findings of our research projects will help people and nonprofit organisations as well as benefit communities across Australia.

### How?

1. Take a photo of what #giving or #volunteering means to you – your organisation in action, of people volunteering, or a special project involving giving, or your understanding of what giving means.
2. Share the story of your photo, in one paragraph of 150 words or less.
3. Complete the attached consent form, *remembering to get the permission of everyone you are photographing, for their image to be made public on ACPNS websites and publications.*
4. Send your submissions to [acpns@qut.edu.au](mailto:acpns@qut.edu.au) or request to send by Dropbox by **Friday 27 May 2016**.
5. Share! Tell your friends, your colleagues, your family and share in your social network!

### Who?

1. Your aunt or nephew, your next door neighbour. You! Your work colleague. A charitable event. Or just a photo of a place or object that inspires in you the spirit of giving.
2. Entries are open to everyone – you don't need to be a professional photographer- just someone with good eye who captures a pure moment of Australian giving or volunteering.

### Why?

1. Gain visibility and exposure for your organisation, or your volunteering contribution.
2. All photos submitted will be tweeted by us at @CPNSinsides with the tag #ACPNS2016.
3. Selected photos will feature in our regular centre blogs, reports and updates.
4. Your photo may be selected to feature in our reports – so you can boost the national and international profile of you and your charity or organisation.

### **Please note:**

Submissions may only be accepted with a signed, dated and completed submission form.
